
James Yeamans

Job: Coordinator of aquatic operations campus recreation.

Joined SRU: 1998.

Background: I've been a long-time aquatic junkie. As a swimmer, water polo player, instructor, coach or official, I just enjoy the water. If you want to hear a great song, listen to Grace Potters' 'Nothing But the Water.' You can get a feel for how I feel as she says in her song, 'nothing but the water is going to bring my soul to bear.' I get my healing down at the river.

Interests: Helping people with their aquatic skills, both as competitive athletes and for healing their bodies and minds.

Person(s) I would like to have dinner with: Rosa Parks, I need her courage.

Why I work at The Rock: As an alumnus, it was a dream come true to be able to work in athletics and now to work with all the students at the Robert N. Aebersold Student Recreation Center. It leaves me counting my blessings; I am truly a lucky man to be part of the 'Rock Nation.'
