Athletic Training Lab Assistant

Department: Exercise and Rehabilitative Sciences

GA Position: Athletic Training Lab Assistant

Supervisor: Martin Donahue & Kimberly Keeley

Job Description:

The graduate assistant will assist the Athletic Training program faculty in various classroom settings and assist in the operation of physician clinics in the athletic training facility. The graduate assistant will also provide care for athletic teams, as needed, and assist with administration of the Athletic Training major.

Job Functions/Responsibilities:

- Assist Athletic Training faculty with laboratory teaching and supervision of athletic training students in various courses (e.g. ERS 202; ERS 221; ERS 241; ERS 307; ERS 317; ERS 347; ERS 397).
- Assist Athletic Training faculty with administrative classroom tasks.
- Conduct open lab sessions for athletic training students.
- Provide assistance to athletic training students seeking help in various Athletic Training courses.
- Other duties and projects as assigned by faculty teaching specific Athletic Training courses.
- Assist with clinical athletic training coverage, as needed.
- Assist in the operation of physician clinics held in athletic training facility.

Desired Qualifications:

- BOC Certified Athletic Trainer (or eligible)
- Pennsylvania state Athletic Training licensed or eligible for PA Athletic Training license
- Current CPR/AED for the Professional Rescuer and First Aid Certifications
- Excellent written and interpersonal communication skills
- Effective organizational and critical thinking skills
- Ability to work independently and as a team
- Demonstrate initiative and creativity with work assignments
- Excellent computer skills and knowledge of a variety of software packages including Word, Excel, Publisher, and Powerpoint
- Knowledge of the SRU Athletic Training education program preferred
**Graduate Student Outcomes:**

- Communication and organizational skills
- Opportunities to develop one-on-one and group teaching skills
- Critical thinking and problem solving skills
- Leadership skills

**Appropriate SRU Graduate Majors:**

- Physical Therapy
- Adapted Physical Activity
- Public Health

**Supervisor’s Expectations:**

The graduate assistant will work 8.75 hours per week. Hours should be M-F AM or PM as agreed according to schedule, but may also include Sunday evening open lab session. Hours less than 8.75 hours will be made up another week.
