FREQUENTLY ASKED QUESTIONS:

Can I arrive after orientation begins?
No – you need to arrive by the first day that orientation begins. Student commencing study in January 2015 must arrive in time to commence the mandatory orientation on January 14, 2015.

What airport do I fly into?
Pittsburgh International Airport.

Will someone from Slippery Rock University be at the airport to greet me?
No – unfortunately, we are unable to provide a student or staff member to assist you at the airport. If you’ve made transportation arrangements with Airport Orbit, you will be greeted by a driver at the designated time/location.

Will someone be at Slippery Rock University once I arrive? Will I have help getting to my residence hall?
YES! No matter what time or day you arrive, we will have a student here to meet you and help you into your residence hall. He or she will have your room key and other important information. Even if you arrive in the middle of the night, there will be a current student waiting for you. Prior to your arrival, you will receive an email containing phone numbers for the students on campus. The email will also provide the procedure for getting to your room. *It is vital that you inform us of your arrival details so that we are able to have someone ready for you on campus. MAKE SURE WE HAVE THE CORRECT EMAIL ADDRESS TO ENSURE YOU ARE GETTING ALL COMMUNICATIONS!

How do I get to Slippery Rock University from the airport?
Ground transportation to Slippery Rock University must be arranged by YOU. Unfortunately, we are unable to provide you with transportation to campus. One suggestion would be to make arrangements with Airport Orbit, a transportation service that will pick you up at the Pittsburgh International Airport and drive you to Slippery Rock University. You are responsible for arranging this and paying for this service. See the Airport Orbit flyer located on the international orientation website for more details.
