CCAC to SRU - Liberal Studies Conversion Guide for Transfer Students

SAFETY MANAGEMENT

This guide may be used by CCAC students, who plan to transfer to the Safety Management program at SRU. The guide corresponds with the Liberal Studies component (general education) of the SRU curricula. Because of the uniqueness of the Safety Management courses, it is strongly recommended that students complete no more than 30-45 credits prior to transfer. Questions regarding this information should be directed to an SRU counselor.

COMPUTER COMPETENCY (0-3 CREDITS)

All students are required to show “computer proficiency” by either transferring or completing a computer course, or by passing an SRU proficiency exam. CCAC students may choose:

- CIT 100 Computer Fundamentals and Applications
- CIT 130 Object Oriented Programming 1: Java

* Required by Safety Management
** Numerous other choices available at SRU

Transfer Students must have a minimum 2.75 cumulative GPA to be offered admission into Safety Management.

Students are responsible for the curriculum requirements at the time of enrollment at SRU. Because the curriculum may change from the point of beginning community college classes to enrolling at SRU, it is recommended that students occasionally consult with an SRU transfer counselor.
