

I am The **ROCK**

Erik Anderson

Job: Interim information and administrative technology services manager.

Joined SRU: 2005.

Interests: Sports, home improvement projects, motorcycles, anything high tech, family and friends.

Person(s) I'd like to have dinner with: Most would answer this question with the name of a celebrity, sports figure, politician, author or historically significant person. I would probably be too star-struck to carry on a conversation or enjoy the company. I would rather have dinner with a small group of friends in a relaxed environment.

Why I work at The Rock: Working at The Rock gives me the opportunity to live where I want to live and take on the technology challenges I enjoy while contributing to the educational experience of our students. I enjoy working with faculty, staff and students from all over the world. The diversity of culture as well as ideas makes every day an interesting learning experience.
