

I am The ROCK

Dennis Buffington

Job: Restricted funds manager in accounting services.

Joined SRU: 1998.

Background: I graduated from Clarion University in 1985 and shortly after I moved to Houston, Texas, working at Baylor College of Medicine for two years before coming to SRU. My wife and I were expecting our first child at the time and wanted to move back home. I accepted this position about two months before our son was born. Since then we have reared our children and both have graduated from college themselves. Our daughter is a recent graduate of SRU, May 2013, in elementary education and special education.

Person(s) I would most like to have dinner with:

Besides having a meal with my normal lunch bunch I would like to have dinner with Eric Clapton. Since I am a guitar enthusiast I would like to have a discussion with someone who shares my interest.

Why I work at The Rock:

In my position at SRU, I have worked with faculty and staff in assisting them reach their goals in their research. I have come to know these individuals not only on a professional level but also on a personal level, that makes working at SRU enjoyable.
