

I am The ROCK

Judy Callahan

Job: Fiscal technician, Office of Student Accounts.

Joined SRU: 1978.

Background: I graduated from Slippery Rock Area High School in 1977. Numbers have always been my thing.

Interests: My son and daughter are number one in my life. I enjoy cooking yummy food for my family, watching drag racing, golfing, weather watching and reading.

Person(s) I would like to have dinner with: Guy Fieri from the Food Network. He's hilarious. Or Keith Urban, the country rocker.

Why I work at The Rock: I was in the business tract in high school and took the civil service test when I was a senior. I received a job availability notice for Slippery Rock State College at the time, replied, interviewed, was hired and have been here ever since. I enjoy working with students and parents. There has never been a dull moment, things are constantly changing and improving. It's been a wonderful ride.
