

# *I am* The **ROCK**

## **Connie Edwards**

**Job:** Assistant to the associate provost for enrollment services and director of advisement systems and degree audit.

**Background:** I was born and reared in Butler. I received my bachelor's degree from Robert Morris University and my master's degree in counseling services from SRU. I began my career at SRU in 1987 and have worked in academic services and academic records and summer school.

**Interests:** I enjoy my family, my children Jamie and Jesse plus my stepchildren Shannon and Brandon and granddaughter Sophia. I enjoy traveling, crafting, trying new restaurants and attending any Pittsburgh sports team event with my husband Dave.

**Person(s) I would like to have dinner with:** Queen Elizabeth II, Princess Diana or Kate Middleton. I've always been fascinated by the British royal family.

**Why I work at The Rock:** I have enjoyed every minute of working at The Rock. I enjoy working with all the students, faculty and staff and have a sense of gratification knowing in some small way I was able to help those who needed my assistance. Every day is a new adventure, and I never get tired of the first day of classes. There is always so much excitement and energy. I also am thankful for all the opportunities and experiences I have been able to pursue. Working at SRU is truly like having a second family.
