

I am The **ROCK**

Michelle Houston

Job: Administrative assistant to the dean, College of Education.

Joined SRU: 1986.

Background: I grew up in Slippery Rock. Both sides of my family have been in this area for generations, going back to the founders of Centreville. My daughter Nicole graduated from SRU in May with degrees in finance and economics, and my son Shane is attending SRU as a communication major.

Interests: I enjoy spending time with my family, baking, canning, fishing, hunting and restoring antique vehicles with my husband. Most recently, my husband and I bought a camper to travel and enjoy the Pennsylvania scenery as well as surrounding states.

Person(s) I would like to have dinner with: Alton Brown, Food Network chef.

Why I work at The Rock: My grandparents, as well as other relatives, have worked at SRU over the last 50-plus years, and they have all had wonderful things to say about working here. I have enjoyed the opportunities I have had to work with many wonderful people over the years and am looking forward to meeting many more. I am happy to be from the local community and am proud to be part of the campus community as well.
