

I am The ROCK

Deb Kraynik

Job: Customer service at the SGA Bookstore.

Joined SRU: 1994.

Background: I worked at Hills Department Store as a customer service supervisor for 18 years before coming to The Rock. At the bookstore, I supervise all cash register operations, and I am the buyer of snacks, residence hall supplies and health and beauty products.

Person(s) I'd like to have dinner with: Steve Jobs, co-founder of Apple. I am not only impressed by his innovation of technology but his zest for life.

Why I work at The Rock: I love interacting with students. Working orientation is fun because of meeting the incoming freshmen and their parents. They are always so excited about all the apparel and all the things we have to offer at the Bookstore. Homecoming is great too because of all the returning graduates.
