

I am The ROCK

Bob McComas

Job: Sports information director in the University Public Relations Office.

Background: I was born in Wooster, Ohio, and earned my bachelor of science degree from the University of Akron in 1981, and a master of arts in recreation from Slippery Rock University in 1982. I served as sports information director at Drexel University from 1982-85 and then from 1985-2000 as a sports writer and assistant sports editor for The Bradenton (Fla.) Herald. I was inducted into the Florida Community College Athletic Association Hall of Fame in October 2002. I have been SRU's sports information director since July 2000.

Interests: I am proud to be following in my late father's footsteps and actively involved in local Lions Clubs. I'm currently serving my third one-year term as president. When I have down time, I enjoy travelling and reading.

Person(s) I would like to have dinner with: Woody Hayes, Jim Tressel, Urban Meyer, Bill Cowher, Chuck Noll, Chuck Tanner and Jim Leyland.

Why I work at The Rock: Because of the great memories and true friendships I developed and the tremendous education and opportunity to grow up I received during my two years of graduate school here. I want to help current students have those same great experiences.
