

# I am The **ROCK**

## **Linda Moore**

**Job:** Director of budget and fiscal planning.

**Joined SRU:** Dec. 1, 1986.

**Background:** I graduated from Indiana University of Pennsylvania with a bachelor's degree in business/accounting. I worked at the Venango County Counseling Center as a financial officer. While there, I worked to computerize the financial system. I then went to work as the assistant controller of Liberty Electronics, a company manufacturing wire harnesses for the aerospace industry. My next career move was to SRU.

**Interests:** I have been involved in and organized numerous mission trips with various church groups. It is great to work together to assist others.

**Last book read:** 'The Shack' by William P. Young.

**Why I work at The Rock:** I enjoy the vitality of SRU. SRU is a living, breathing entity. It changes over time and sometimes the 'growing pains' hurt, but we come out stronger and more determined to succeed. I enjoy the opportunities for growth that are available on the campus, the various events that are sponsored by SRU and the diversity that exists. I have always enjoyed the students. They offer opportunities to see the future, because they are the future. The opportunities that are created and available to them here will make a difference to them and to all of us. The college experience is such an influential time in life. Every employee at SRU has an impact on those we serve. I feel that we have the opportunity to make a difference. I hope that I have assisted at least one student, even if it was just by giving directions, to having a better day.
