

I am The ROCK

Brian Ringler

Job: Custodial worker I in facilities and planning.

Joined SRU: 2011.

Background: I worked in construction and real estate sales before accepting a position at SRU. I plow snow, clean walkways and plant flowers, among other duties. I'm almost always outside on the job, which people envy in warmer weather.

Person(s) I'd like to have dinner with: Kate Upton, the Hollywood actress.

Why I work at The Rock: I grew up locally and have always been proud of The Rock. We take a lot of pride in the appearance of campus, even during winter. I recently planted evergreens, boxwoods and holly berries.
