

I am The ROCK

Greg Sferra

Job: As director of campus recreation, my primary responsibilities involve personnel, fiscal management, facility management, programming, marketing and representing the department within the Division of Student Life and the University.

Joined SRU: September 1997.

Background: I received both my bachelor's and master's degree from SRU. I worked as an assistant director of parks and recreation in Indiana, Pa., as and the director of health, physical education and research at Loraine County Community College in Ohio before being fortunate enough to be offered the position of director of recreation at SRU.

Interests: I love socializing with family and friends, especially my wife and son. I like to practice what I preach, so I participate in a variety of sports and fitness activities.

Person(s) I would most like to have dinner

with: Bill Mazerowski, because he hit the most prestigious home run in baseball history, and Bobby Kennedy.

Why I work at The Rock: I love The Rock. I had an exceptional experience as an undergraduate and graduate student and appreciated the guidance of professors Jim McFarland, Bob DiSpirito, Jan Kasnevich, Bruce Boliver and George Mihalik. When I was presented the opportunity to return to campus as director of campus recreation, I enthusiastically accepted. Slippery Rock University students have always enjoyed and valued physical activities, and I knew that the construction of a new recreation center would provide numerous recreational opportunities that were never available. I am living my dream. Go Rock.
