

# I am The ROCK

## Sis Warcup

**Job:** Clerk typist II, physical and health education department.

**Joined SRU:** 2002.

**Background:** My first job out of high school was working in the office at an automobile dealership; moving from office clerk, to secretary/receptionist, to office manager, to finance and insurance manager and even obtaining my sales license to sell cars.

**Interests:** I enjoy traveling, reading and spending time with my family.

**Person(s) to have dinner with:** Jim Parsons, the actor known as 'Sheldon Cooper' on TV's 'The Big Bang Theory.'

**Why I work at The Rock:** Our students. They are so great. They make every day interesting with their enthusiasm. I love it when they stop by the office to say hello and fill me in on what's going on in their lives. There is a teddy bear students made for me when I left the Student Life Division and moved to academics sitting on the shelf with a picture of two former student assistants who have graduated and moved on to become teachers. I have such great memories of our past graduates and stay in touch with many of them.
