Purpose

To establish a uniform policy governing the identification of the major buildings at Slippery Rock University.

Objective

A. To provide uniform identification of major buildings at Slippery Rock University.

B. To eliminate proliferation of campus signage which may confuse rather than inform visitors or detract from the campus aesthetic.

C. To establish departmental responsibility for building identification signage at Slippery Rock University.

Policy

The Department of Facilities and Planning will be responsible to provide building identification signs outside major buildings at Slippery Rock University. The identification of the building will be restricted to the building name as approved by the Slippery Rock University Council of Trustees. Exterior signage identifying departments or functions within buildings can only be provided with the consent of the President of Slippery Rock University.
