A non-refundable $50 deposit is included in the registration fee.

REGISTRATION
Visit www.sru.edu/camp under SRU Athletic Camps to register.

ABOUT THE CAMP
Under the direction of Julie Swiney, Slippery Rock University women's field hockey coach, the SRU Field Hockey Camp will provide participants with instruction from a variety of top college coaches and players. The camp will offer instruction on individual skills and team concepts. All sessions are played on field turf and will challenge players of all skill levels.

Players will be provided the opportunity to learn enhanced field hockey fundamentals, including: hitting, 1v1, elimination, passing, scoring and defensive skills in a fun and safe environment.

CAMP INSTRUCTORS
JULIE SWINEY, CAMP DIRECTOR
Julie Swiney will enter her tenth season in charge of the Slippery Rock University field hockey team in 2019. Swiney has led The Rock to unprecedented success both on and off the field since coming to SRU.
Slippery Rock had won just 14 games over seven seasons with three different head coaches prior to Swiney’s arrival at The Rock. Swiney has brought stability to SRU over the last nine years that has resulted in prosperity in all facets of the program.

Swiney’s 63 wins are the second most by a Rock field hockey coach all-time. 22 players have received All-PSAC recognition while playing for Swiney including eight that went on to be named All-Americans in Kayla Mack, Brittany Morgan, Kayla Ulrich, Megan McKay, Kelsey Gustafson, Lindsay Brown, Baylee Childress and Gabrielle Malischak.

Slippery Rock’s reputation in the classroom has been second to none since Swiney took control of the program. SRU has posted the highest team GPA of any field hockey team in NCAA Division II five times in the last eight years (2010, 2011, 2013, 2014, 2017) while ranking second once (2012) and third twice (2015, 2016). The program has also garnered 153 NFHCA National Academic Squad honorees and 29 NFHCA Scholars of Distinction.

With the field hockey team’s success on the national level, it should come as no surprise that SRU has also dominated the PSAC’s academic rankings by recording the highest GPA of any team in the PSAC for the last six years in addition to having 111 student-athletes recognized as PSAC Scholar Athletes. Four of the best seasons in Rock field hockey’s 41-year history have come with Swiney on the sidelines.

MELISSA REVESZ, ASSISTANT DIRECTOR
Melissa Revesz will enter her second season assisting the Slippery Rock University field hockey team in 2019. Revesz comes to The Rock after serving as an assistant coach at Oberlin College during the 2017 season. Prior to Oberlin, Revesz was an assistant coach at the College of Wooster for two seasons (2015-2017) under Brenda Meese, one of the winningest head coaches in NCAA field hockey history.

As a player, Revesz, whose maiden name is Ramsey, was a four-year contributor at Kent State University, a traditional NCAA Division I mid-major power. Revesz appeared in 74 games over her career, making 29 starts and totaling 21 career points on eight goals and five assists. As a senior, Revesz guided the Golden Flashes to 11 wins, a Mid-American Conference title and a berth into the NCAA Tournament.

Revesz received a bachelor’s degree in exercise science with a minor in athletic coaching from Kent State in 2015. She holds a USA Field Hockey level two coaching certification and has been a member of the NFHCA since 2015.

*All Slippery Rock University of Pennsylvania camp staff and volunteers are in compliance with FBI & Pennsylvania State Criminal History Background Checks and Child Abuse Protection of Minors requirements.*
