PROGRAM DESCRIPTION
Are you interested in becoming more effective and efficient in data-analysis and decision making? In the field of education and in the public sector, to make strategic decisions, individuals are required to have the knowledge and ability to research, analyze, and interpret data. Slippery Rock University’s Applied Research, Statistics, and Measurement, Certificate will help you with this process. The program is designed to give you the necessary preparation skills to apply statistics to analyze, interpret, assess, and evaluate data.

As a student in SRU’s Applied Research, Statistics, and Measurement, Certificate program, you can improve your understanding of data-driven decision methods and can become familiar with contemporary tools for data-analysis, e.g., SPSS and other software options.

PROGRAM HIGHLIGHTS
SRU’s Applied Research, Statistics, and Measurement, Certificate offers:
- 100% online coursework
- A thorough understanding of data-driven analysis and decision making
- Knowledge and skills as a researcher to effectively lead the application of research, statistics, and measurement in your workplace
- Classes taught by faculty with an expertise in the field of research, statistics, and measurement
