Online Instruction Endorsement
Pennsylvania Department of Education

Program Description
Are you interested in earning an Endorsement from the Pennsylvania Department of Education?

Many teacher education programs are focused exclusively on preparing teacher candidates for teaching in the traditional classroom setting. Slippery Rock University's online teaching credential is designed to help you reach all of the students in your programs and schools and to give you the expertise, technical skills and comfort level needed for delivering quality online education.

By completing three graduate courses (9 graduate credits) that are applicable to SRU’s M.Ed. in Technology for Online Instruction, you can earn your Online Instruction Program Endorsement through the Pennsylvania Department of Education.

What is the Pennsylvania Department of Education Endorsement?

According to the Pennsylvania Department of Education Online Instruction Endorsement Program Guidelines (2014), post-baccalaureate or graduate students may participate in a short program that leads to an endorsement. Endorsements indicate that an individual has obtained professional knowledge, skills, and competencies through a sequence of courses and field experiences intended to improve a teacher’s skills in dealing with complex classroom settings. To be admitted into the Online Instruction Endorsement Program, candidates must have completed a baccalaureate program and/or hold an Instructional I or Instructional II Pennsylvania certificate.
