WHAT CAN I DO WITH AN ART DEGREE?

A degree in art can help students prepare for a world in which the expression of thoughts and ideas, and the conveying of information, has become an increasingly visually-oriented enterprise. The skills gained through studying art are highly valued and transferable to many career paths, including those requiring a strong sense of visual design and organization. Alongside a range of practical, specialized skills related to a variety of media, art graduates develop critical thinking skills; sound observational, analytical and research skills, including the ability to creatively problem solve; craftsmanship and attention to detail; and the ability to work well independently and collaboratively. Whether one chooses to apply these desirable skills and understandings to being a practicing artist or to another field, an art degree can help prepare students for their future.

ART AT SRU

The Department of Art offers students a strong foundation in the arts and an opportunity to explore art's connections with a wide range of disciplines. Faculty is comprised of art professionals from various backgrounds and disciplines who are focused on providing individualized instruction for every student they teach. Our programs provide students with a diverse background, which, in concert with professional training, should lead to a successful career in art and applied vocations. By increasing awareness of themselves, their environment and their culture, and by learning to think and act creatively, students prepare themselves for a life enriched through art.

WHY CHOOSE SRU ART?

- 1. Accredited by the National Association of Schools of Art and Design:** Accreditation by NASAD implies that our program meets or exceeds the industry standards developed by experts in the field.
- 2. Opportunity for freedom of individual creative pursuits:** The department fosters a creative learning environment filled with opportunities for students to advance technically and conceptually while gaining a broadened understanding of historical, theoretical and cultural context relevant to art and art-making.
- 3. Small classes and accessible faculty:** Faculty is comprised of art professionals from various backgrounds and disciplines who are focused on providing insightful, individualized instruction for all students. Every undergraduate is assigned an academic adviser to guide them through their program of study and help them make decisions about educational and career goals.
- 4. Well-equipped studios in six centralized locations:** Students have extensive access to studios providing opportunities to engage in wide-ranging artistic production.
- 5. Educational experience:** The department offers domestic, international and study abroad travel opportunities, all of which serve to enhance student knowledge and experience.

INTERNSHIP OPPORTUNITIES

SRU art students may complete internships based on their individual interests. Students have completed internships at various locations including:

- Special Needs Art Internship at Neshannock High School, New Castle, Pennsylvania
- Artists Image Resource
- Carnegie Museum of Art, Pittsburgh, Pennsylvania
- Tucor, Inc., Harmony, Pennsylvania
- SRU's University Communication and Public Affairs

CAREER OUTCOMES

While many SRU art majors will continue their education after earning their bachelor's degree, graduates of the department have secured careers in the following areas:

- Art teacher/numerous school districts in Pennsylvania and other states
- CAD Designer, Macy's, Inc., New York
- Graphic designer, Natural History Museum, Pittsburgh, Pennsylvania
- Rights, reproductions & photographic services manager, Carnegie Museum of Art, Pittsburgh, Pennsylvania
- Collections database administrator, Carnegie Museum of Natural History, Pittsburgh, Pennsylvania
- Professor of art or art education
- Licensed art therapists in Pittsburgh, Butler and New York City
- Art handler at The Andy Warhol Museum, Pittsburgh

CLUBS AND ORGANIZATIONS

- Art Society
- Potter's Guild

*Slippery Rock University (SRU) is required by the State Authorization Reciprocity Agreement and US Department of Education to notify you whether our program meets the academic licensure/certification requirements in another state. All jurisdictions have their own requirements for licensure/certification eligibility. SRU is approved to offer programs that may lead to licensure/certification in Pennsylvania. We are unable to determine our program's eligibility in states other than PA. Please review the licensing board contact resource at www.sru.edu/licensure-certification to seek guidance on the requirements of licensure in your home state or where you would like to practice professionally. Note that state requirements are subject to change at any time and without notice.

ALUMNI SPOTLIGHT

Maria Camera, '15

Bench jeweler, Design & Service Center for Signet Jewelers

"The BFA I pursued at SRU was well-rounded in all visual artistic areas, though my focus was in metals and jewelry, and this helped me to excel in my current field of jewelry repair with basic and complex problem-solving skills. The community that is fostered in the department showed me how to be reflective of not only my work, but of the work of those around me."

Megan Cassioli, '14

Assistant graphic designer, Slippery Rock University

"Sometimes people graduate but choose to either stay at or come back to the place that gave them the experiences and the confidence to make their dreams a reality. SRU is that place for me. From the incredible art faculty who really give students the opportunity to find and choose their own path, to the remarkably creative environment the department generates where each student is lucky enough to be both challenged and rewarded at the same time."

Kristin Riding, '13

Art therapist, MA-ATR, BC, Pittsburgh Mercy Behavioral Health

"Art at SRU offered me an opportunity to find out who I was as an artist and what my creative side could offer an audience. My experience at SRU also set me on the right foot to understand my own art but the art making process as a whole as I began my graduate degree in art therapy."
