	PSYC 377	Social Psychology◊		

IMPORTANT CURRICULUM GUIDE NOTES

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisors to ensure accurate progress towards degree completion. *The information on this guide is current as of the date below. Students are responsible for curriculum requirements at the time of enrollment at the University.*

- ★ Indicates this course may have a prerequisite. Refer to the Undergraduate Online Catalog.
- ◊ If the course is not used in your MAJOR, it can be used towards your Liberal Studies requirements.

3+3 REQUIREMENTS FOR ALL MAJORS

- You must maintain a 3.0 or higher overall QPA.
- You may not have more than one “W” in a required course in the 3+3 block.
- You can only be in the 3+3 program for a maximum of three (3) years full-time continuous enrollment. If any of these requirements are not met, the 3+3 designation will be removed from your record by your Advisor.
- Should 3+3 Physical Therapy students be unsuccessful in completing the 1st year (either Fall and/or spring semesters) of the DPT program and want to complete their original undergraduate degree, it is solely up to the discretion of their undergraduate program coordinator to determine which, if any, physical therapy courses will count toward the completion of their undergraduate degree. In addition, students must complete any unfulfilled requirements of his/her undergraduate major.
