

## **EGCC to SRU – Transfer Credit Guide**

This guide corresponds with the Rock Studies component (general education) of the SRU curricula and provides EGCC course suggestions for each area. Because this guide is generic, students should review their EGCC course plans with an <a href="SRU transfer counselor">SRU transfer counselor</a>, as some majors may prescribe specific courses in the categories below.

Students are responsible for curriculum requirements at the time of enrollment at SRU. Because curriculum may change from the point of beginning community college classes to enrolling at SRU, it is recommended that students regularly consult an SRU transfer counselor.
