ABOUT THE PROGRAM

Are you about to graduate or currently working and thinking of a graduate degree in Public health? The MPH program at SRU is the place for you. Our program is seeking full accreditation by the "Council on Education for Public Health (CEPH)".

We offer 100% online Master of Public Health program. The SRU MPH program is practitioner-based and we prepare our students for leadership positions in Public Health. Within a 150-mile region around Slippery Rock University, between 2020 and 2030, MPH-related occupations are projected to grow by a total of 10%. (EMSI)

In the United States, between 2020 and 2030, the MPH-occupations are projected to add about 118,449 jobs to the economy. (EMSI). According to the Bureau of Labor Statistics, healthcare occupations and those related to healthcare are projected to account for 18 of the 30 fastest growing occupations.

The SRU program requires a practicum experience to allow students to further develop relevant experience in an applied setting. The knowledge and skills learned enables graduates to address public health issues at the community, institutional, and societal levels.

PROGRAM GOALS

- Train students and professionals in a flexible online curriculum with the knowledge and skills to promote healthy lifestyle, prevent diseases and support environmental health in our communities
- Promote faculty and student research that address the public health needs of all populations including those at-risk and from underserved communities
- Encourage and support faculty and students to participate in community-engagement services that eliminates health disparities, environmental inequities, and promote health and wellness among individuals and populations

PROGRAM HIGHLIGHTS

- The application for CEPH accreditation has been accepted
- No GRE required
- 100% online - get your degree without relocating to Pennsylvania
- Network with fellow students through group activities
- Complete the 42-credit program in 21 months for full-time students
- Exposed to the field by dedicated and experienced faculty members
- Skills and knowledge to take the Master Certified Health Education of Specialist (MCHES) and Certified in Public Health (CPH) examinations

PROGRAM OPPORTUNITIES

Upon graduation, a student within the "Environmental and Occupational Health" concentration will be able to:

- Examine the role of risk assessment paradigms in creating safe environments, including target populations exposed to hazardous agents
- Demonstrate an understanding of the regulatory framework and policy at the local, state, and federal levels for controlling exposure to or release of environmental contaminants
- Articulate many of the sources of biological, chemical and physical agents found in environmental matrices of water, air, soil and food
- Communicate approaches to the prevention and control of the major diseases caused by environmental hazards
- Adhere to ethical guidelines regarding environmental and occupational health

ADMISSION REQUIREMENTS

All applicants must submit the following materials along with a completed online graduate application and non-refundable application fee:

1. All prerequisite courses must be completed with a grade of C or better, prior to submission of application.
2. Official undergraduate degree transcript(s) and any graduate transcripts.
3. A minimum of a 3.0 cumulative GPA in an undergraduate major.
4. Previous completion of a statistics course and either one social science or one natural science course.
5. Personal statement indicating career goals and personal philosophy related to interest in Public Health.
6. One letter of recommendation that addresses the applicant's capacity for graduate level work and suitability for the intended program area.
7. GRE not required.

IMPORTANT CURRICULUM GUIDE NOTES

This Curriculum Guide is provided to help SRU students and prospective students better understand their intended major curriculum. Enrolled SRU students should note that the My Rock Audit may place already-earned and/or in progress courses in different, yet valid, curriculum categories. Enrolled SRU students should use the My Rock Audit Report and materials and information provided by their faculty advisers to ensure accurate progress towards degree completion. The information on this guide is current as of the date listed. Students are responsible for curriculum requirements at the time of enrollment at the University.

PASSHE - Pennsylvania State System of Higher Education Institutions
 Major Code: 9MPH
 Concentration Code: ENOH

TUITION & ASSISTANTSHIPS

Information on current tuition and assistantships can be found on the main Graduate Admissions website at www.sru.edu/graduate. Financial Aid brochures are available through the Financial Aid Office www.sru.edu/FinAid.
