

I am The ROCK

Jessica Marshall

Job: Assistant professor of library. I coordinate collection management programs with academic departments, applying state-of-the-art procedures to operations and using data assessment to evaluate performance of staff, collections and vendors.

Joined SRU: March 1992.

Background: I was born in Oil City and graduated from Grove City College with a bachelor's degree in biology. I received a master's degree in library science from the University of Pittsburgh. My first job was at the Westinghouse Nuclear Energy Systems Library.

Interests: I love to read, and music is a very important part of my life. I sing soprano with the ACTS Group and the Center Presbyterian Church Choir. I also play the clarinet with the Center Presbyterian Church Orchestra. I love to travel, and I have visited England, Scotland, Wales, Spain, Greece, Hong Kong, Bali, China, Australia and New Zealand.

Person I would most like to have dinner with: Jane Goodall.

Why I work at The Rock: When I was ready to return to my home area, a position was open at Bailey Library and fortunately I was offered the position. I have seen many exciting changes in SRU. I am proud to be part of the transformation that SRU has undergone since I started working at The Rock in 1992. The future changes in the services of Bailey Library help to keep me invigorated and interested in my position. I especially enjoy working with students and faculty at SRU.
