

SRU Study Locations

The following are locations across campus and in the Residence Halls to study. When you study, make sure to bring all the items that you'll need (notebook, pens, pencils, textbook, laptop, calculator) and determine how to eliminate distractions (headphones, no WiFi on cell, etc.).

Don't forget the common areas in the Smith Student Center! The various lounges, The Suite, Rocky's, and more could work as study spaces. The Smith Student Center does have computer stations on each floor that print to the Student Center Information Desk

Try nontraditional study locations, such outdoor spaces (gazebo or outdoor tables), as well as dining places (the Fluh or Boozel or a coffee shop in town). Whatever locations helps you get focused and learn best.
