

Faculty Video Tutorials for Accommodate

The Office of Disability Services (ODS) at Slippery Rock University uses a web-based software system called *Accommodate* to service registered students with disabilities. Access to this system is available to all faculty members to provide the most updated information regarding student accommodations. In addition, faculty can access helpful information and resources to assist with this process.

Please click on a link below to access a video tutorial about the *Accommodate* task listed.
