How to Complete a Semester Request (or Renew your Accommodations)

A **semester request** is a task that all students registered with Disability Services must complete every semester after being approved for accommodations. It communicates to Disability Services that students want to continue using their accommodations and apply them to each set of courses in the new semester.

It is each student's responsibility to complete a semester request every semester they are enrolled at Slippery Rock University. If this task is not completed, the student will risk not having their accommodations applied to their courses. Disability Services will not be held responsible for the student's failure to complete a semester request in a timely manner so as to utilize accommodations to support the student's academic success. Use the following steps to complete this task:

1. Log into *Accommodate* using the *How to Log into Accommodate* instructions on page 1.
