

## Assessment of Student Learning Outcomes

Completed July 2025

This form is to assist the Council on Accreditation in the evaluation of the program's compliance with the accreditation standards below:

**Accreditation Standard 4.0.2:** *The program provides its most recent year of summary data and outcomes for the assessment of each of the identified competencies, specifying the percentage of students achieving program benchmarks for each program option.*

**Accreditation Standard 4.0.3:** *The program uses Form AS 4(B) and/or Form AS 4(M) to report its most recent assessment outcomes for each program option to constituents and the public on its website and routinely updates (minimally every 2 years) its findings.*

All Council of Social Work Education programs measure and report student learning outcomes. Students are assessed on their mastery of the competencies and that comprise the accreditation standards of the Council of Social Work Education. These competencies are dimensions of social work practice that all social workers are expected to master during their professional training. A measurement benchmark is set by the social work program for each competency. An assessment score at or above that benchmark is considered by the program to represent mastery of that particular competency.

### Summary of the Program's Assessment Plan | Generalist Practice

All students are assessed using a minimum of two measures on their mastery of the nine competencies that comprise the Educational Policy and Accreditation Standards of the Council on Social Work Education and any additional competencies programs may choose to add.
