

## Ann T. Bicknell Memorial Scholarship

### *History*

*In memory of her unselfish efforts and her dedication to the needs of older adults, the Gerontology Program at Slippery Rock University has established the Ann T. Bicknell Memorial Scholarship.*

Intended to assist students in the study of gerontology, the scholarship is funded through the generous contributions of faculty, students, alumni, Gerontology Program and friends of Slippery Rock University.

In the early 1970s, Dr. Ann T. Bicknell provided the leadership for a small group of faculty who initiated a program of study in the rapidly developing discipline of gerontology. This interest was formalized into an interdisciplinary certification program in June 1979.

During the 1980s, the Gerontology Program continued to grow, with the establishment of a minor in 1983 and the Graduate Certificate program in 1990. In addition to expanding the education programs, many outreach projects, like the local and international Elderhostels, were developed to provide services for older adults in conjunction with their service providers.

Following the leadership of Dr. Bicknell, the Gerontology Program continues to promote a progressive curricula and opportunities for scholarship in the field of gerontology.
