

In order to finalize our admission decision, the Office of Undergraduate Admissions is requesting your mid-semester grades. These grades should not reflect a mid-term exam grade, but rather, your performance in each course as of the middle of your current semester. If your institution does not officially issue mid-semester grades, please have your instructors complete the following form and then return it to the address listed below as soon as possible. The form must be completed entirely to be considered.

Falsification of any information on this document may result in the student's immediate dismissal from the university.
