**Slippery Rock University**
**Pennsylvania Act 69 of 2024 - Student Fee Transparency (Section 2004-H)**
**Fiscal Year 2025-2026 Mandatory Fee Allocations**

| Fee Allocations | Definition/Purpose of Fee | Allocation[2] | Amount for Fiscal Year 2025-2026[1] |
|---|---|---|---|
| Technology Fee | Enables the university to invest in instructional technology by upgrading computer labs and classrooms and providing other technological enhancements. | Educational and classroom/lab software and hardware upgrades, student network upgrades, and student help desk support and other support resources. | 4,792,699.00 |
| Health Services Fee | Supports the mental and physical health of all students by providing funding for office visits for illness, injury, support, and counseling; mental health care and crisis coordination; and campus-wide health education efforts. The fee also covers campus response for public health concerns. | Health Center operations, student counseling and wellness services, student mental health services, equipment and supplies. | 2,252,256.19 |
| Student Center Fee | The State System of Higher Education requires that student unions be funded through a student fee. The Student Union fee provides for the fiscal support of Student Union programs, services, and operations including maintenance, utilities, staffing, equipment, and special activities and events. | Robert M. Smith Student Center operations and maintenance. | 3,083,493.05 |
| Student Activity Fee | Collected from all students and administered through the Student Government association under regulations approved by the Council of Trustees, this fee helps defray the cost of athletic events, lectures, movies, entertainment, and publications; and to support student organizations and the campus shuttle bus. The fee will be 5.25% of the in-state tuition. | Student Government Association programs and services. | 2,731,498.99 |
| Academic Enhancement Fee | Supports academic activities that enhance and extend the instructional activities of the class, for course credit both on-campus and off- campus. The fee is calculated as follows: Undergrad Students 10% of in-state tuition, Graduate Students: 15% of tuition. | Academic course work and experiences, classroom and academic building upgrades, study abroad, student work study, and graduate assistantships. | 8,646,029.63 |
| Recreation Complex Fee | Students voted to establish this fee, beginning in the fall semester of 1994, to fund the construction and operation of the new Aebersold Student Recreation Center. This fee also includes access to the Russell Wright Fitness Center located in the recreation center. | Campus Recreation programs, operations and maintenance. | 1,701,565.68 |
| Student Life Enhancement Fee | Supports student life activities that enhance and extend the traditional co-curricular, outside of the classroom, activities, including prior fees for transcript and graduation. | Student activities, experiences and resources. | 934,293.33 |
| STEM-H Fee | This is differential fee for specific high-cost/high-demand undergraduate Science, Technology, Engineering, Mathematics and Health courses. This fee will be used to provide the student with high quality laboratories, clinical practice, internships, and academic equipment. | Equipment and services for STEM-H programs. | 540,276.27 |
| Engineering Fee | This is differential fee for specific high-cost/high-demand undergraduate Engineering. This fee will be used to provide the student with high quality technology and academic equipment. | Lab resources, equipment, supplies, and services for the Engineering programs. | 383,249.50 |
| BFA Acting Fee | Supports the delivery of quality high-impact experiences such as the senior showcase, guest artists, individual lessons, and public performances. It is used to provide each BFA Acting student with top-notch, professional training at a nationally-accredited institution. | Equipment, supplies, and services for the Bachelors of Fine Arts program. | 39,047.86 |
| Music Program Fee | Support the Music Department to offset the high expense of applied lessons with nationally recognized instructors, as well as support small class sizes that are inherent in a music program. | Equipment, supplies, and services for the Music Department including instruments and instrument maintenance. | 113,466.20 |
| Rock Life Program Fee | The Rock Life program is a recognized comprehensive transition and postsecondary program (CTP) that provides a 4-year, non-degree, certificate-based experience for students with intellectual disabilities. The Rock Life fee is used to create an on-campus environment of individual autonomy by providing intentional, person-centered programming in four foundational areas: academic enrichment, social engagement, wellness, and competitive integrated employment, allowing our students to experience a robust, inclusive college experience. | Program resources, supplies and services for Rock Life students. | 158,150.00 |
