

Navigating OneWeb

How to get there:

Access via the web by going to <https://mysru.sru.edu> and sign in with your Slippery Rock University email and password. Search “OneWeb” in the “All Links” section.

Access via mobile by opening your TouchNet 360u app, sign in with your Slippery Rock University email and password, and click the OneWeb link under “Campus Resources”.

There are 3 menus: **Dashboard**, **Purchase**, and **Transactions**. There is also a yellow button, “**Add Funds +**”.

Dashboard

On the dashboard, you will see “**Personal Settings**” and “**Manage Campus ID**”.

Under Personal Settings, you will see your SRU ID photo, your **ISO number** (used to identify you in multiple systems across campus, such as accessing a dining hall or checking out a library book), and your **Standard Account Number**. This number is used in the Parent Portal to add Flex Funds to your student account.

Under Manage Campus ID, you will see only one option, “**Unregister 360u App**”. If you lose access to the mobile device tied to your TouchNet account, you can sign in here to unlink it and register a new device.

Purchase

There is only 1 selection under Purchase, “Meals”. You will see your current active meal plan(s). You can **View History** to view the transactions made against your active meal plan (for more information, see the “Transactions” section further below). If you click **Status**, you can see your meals remaining. **If you have a weekly plan**, you will see your remaining meals for the week. **If you have a block plan**, you will see your remaining meals for the semester.

Transactions

In the **Transactions** menu, there are 2 options: **Transaction History** and **Current Statement**. In **Transaction History**, you can select the type of transaction (Meals = meal swipes & meal equivalency, Balances = flex funds, GrubHub balance) and set a date range. This will allow you to see any

transactions made against your student account, as well as any additional funds added. Any negative amount means a balance has been deducted from your account (Yellow Highlight) and a positive amount means a balance has been added to your account (Orange Highlight).
