

March 25, 2020

Dear Students:

I hope this message finds you well. I just wanted to send along a short note to share two important items with you:

- Registration for summer sessions and fall semester will begin April 13. Faculty and students will each receive guidance emails by April 1. A webpage laying out the process is being designed and is expected to go live before by the end of the week.
- If you were a student worker on campus this semester, you received an email about continuing your work remotely. It is important that you respond to that email. If you wish to continue to work remotely, we will find work for you. If your current supervisor does not have remote work for you to do, we will give you an alternative assignment. **Please be aware that if you do not respond to the email by April 1, we will assume that you do not wish to continue to work.**

As always, take care of yourselves and stay safe and healthy. Remember to continue practicing the habits of social distancing and hygiene. These methods will reduce your chances of infection and have been shown to mitigate the spread of COVID-19.

Yours,

William J. Behre, Ph.D.
President
