Students who submitted their \$90 enrollment fee. Each week newly enrolled will receive an email from Housing (sent to SRU email) regarding how to complete the housing application. You can select (and then verify one another to match) your roommate or roommates (up to 3). <i>See information below.</i> Students can search for the name of their intended roommate(s) if they have one in mind.</p> <p>As part of signing the on-campus agreement students will pay their \$175.00 deposit.</p>
<p>Group 1: New students who have completed housing application thru February 28, 2025 (Will be Assigned in March)</p> <p>Group 2: New students who have completed housing application thru March 31, 2025 (Will be Assigned in April)</p>	<p>Students in these groups will be assigned on a rolling basis in March (group 1) and April (group 2). Once assigned, that assignment will show in your MyHousing portal. Any fully matched roommates or preferences marked on your application will be considered when assigning. <u>After you have an assignment</u>, if you would like to request a different building or room style, you can fill out an “Alternate Room Request” (form opens March 3) on the MyHousing portal; any/all roommates should fill this out to have a matched request. These room change requests will be monitored and adjusted up through August 1.</p>
<p>Students that completed on-campus housing agreement after March 31.</p>	<p>Students in this group will be assigned on a rolling basis, and be assigned prior to your chosen on-campus orientation date.</p>
<p>May 1, 2025</p>	<p>Incoming Freshmen and Transfer Students: Housing fee of \$175 is refundable if you officially cancel admission through the undergraduate admission office by May 1, 2025.</p>

Reasons why you can't find your intended roommate(s) to send them a roommate request:

1. Did they submit their \$90 enrollment fee and complete their housing application?
2. Did they select an are approved for the LLC you selected/were approved?
3. Is their application incomplete (parental verification for those under 18)?
4. Do they already have a housing placement?
5. Is your roommate an upper-class student?

Helpful hints:

If you mark that you would like to live in a Living and Learning Community, you will only see rooms open in that particular building which are available for you to select.

- Building A: College of Health, Environment and Engineering and College of Health Professions
 Building B: ROCK Athletics LLC floors; College of Business
 Watson Hall: College of Education and Honors only
 Building D: College of Liberal Arts

Plan to have a roommate or roommates. **The majority of rooms are double and triple occupancy.** Review room styles and cost associated on the Housing website (Rates and Fees) <https://www.sru.edu/life-at-sru/housing/rates-and-fees>
