

NOTE: You must have administrative rights to install the following software.

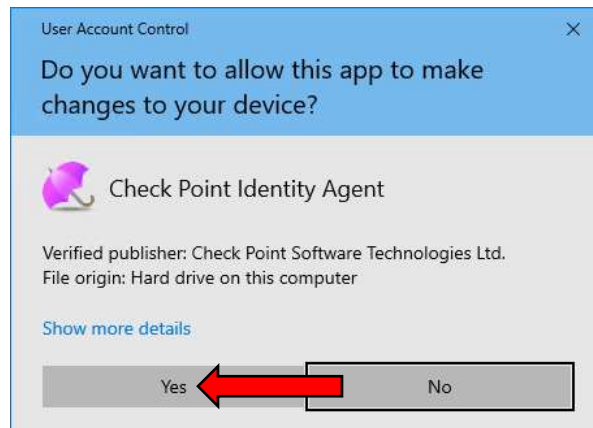

Download the file from the following link.

https://sru365edu.sharepoint.com/:u:/s/SRU/IATSEnterpriseServices/EX5BDeHETC5EhaHbhhtoZqMBGh_rJq0D97AKv3FK7kTlg?e=UhmSlk

To install the Check Point Identity Agent, double click the SRU_Check_Point_Identity_Agent.msi installation file. An installation window will pop up, click “Next”, then click “Install”.

You may receive the following prompts or similar, click “Yes”.

After the installation completes, you will be presented with a final window, click “Finish”.

Upon successful installation you will receive the following prompt for your credentials. Enter your username (without the @sru.edu) and your password. You can choose to check “Remember my password”. Also, you can control the Check Point Identity Agent from the taskbar in the notification area.

The screenshot shows a dialog box titled "Check Point Identity Agent Credentials D...". The dialog has a blue header with the "Identity Agent" logo and the "Check Point SOFTWARE TECHNOLOGIES LTD." logo. Below the header, it says "Please enter your credentials to Identity Server". There are two input fields: "User name:" with a dropdown arrow and "Password:". Below the password field is a checkbox labeled "Remember my password". At the bottom, there are "OK" and "Cancel" buttons.

NOTE: If working off campus, please be sure VPN connection and Check Point Identity Agent are connected before accessing shares or other resources.

NOTE: If you need to start the Check Point Identity Agent from the Windows Start Menu, you will need to right click, go to “More” then click “Run as administrator”.
