

Memorandum of Understanding
Fifth year reviews for retiring faculty
Slippery Rock University
Policy date: March 7, 2023

Background

Tenured Faculty submit a fifth-year post-tenure report on a regular schedule outlined in Article 12, Performance Review and Evaluation. Depending on timing, some Faculty have a report due during their final semester at Slippery Rock University.

Agreement

The Administration and APSCUF agree that Faculty who have submitted a formal letter of retirement will not complete a fifth-year post-tenure report if a report is due during their final semester of employment. This agreement applies on to retirements that occur during or at the end of a Spring semester when the fifth-year report is due. Retirements that occur beyond the end of the Spring semester when the fifth-year report is due will not be waived.

Michael Zieg, Interim Provost
