Processing Policies	Posting Order The order in which deposits and withdrawals are processed. See your Deposit Account Agreement for more detail. This lists the most common types of transactions, but not all transactions that could occur.	Generally, during end of day processing each Business Day, FNB will sort your transactions into categories before we process them in the following order: ◆ Add all credits and deposits that are available; ◆ Subtract Return Item Fee, Overdraft Fee, and Stop Item Charge; ◆ Subtract outgoing wire transfers and Online/Mobile Banking transfers from highest to lowest dollar amount; ◆ Subtract debit card transactions and ATM withdrawals by date and time (from highest to lowest dollar amount if date and time cannot be determined); ◆ Subtract checks, ACH payments and Online Bill Payments in the order of highest to lowest dollar amount; and ◆ Subtract service charges and fees.
	Funds Availability When funds deposited to your account are available.	Our policy generally is to make funds from your cash and check deposits available to you on the first *Business Day after the Business Day of your deposit. If not all of the funds from your deposit are available on the first Business Day, then we will notify you at the time you make your deposit. Please see the Deposit Account Agreement for more detail. *A "business day" is Monday through Friday excluding federal holidays. Please see the <i>Deposit Account Agreement</i> for cut off times and full details on Funds Availability.

Dispute Resolution	We encourage you to promptly reach out to us to report a lost or stolen card/password or report unauthorized transactions. Please refer to the <i>Deposit Account Agreement</i> for full details on Electronic Fund Transfers.
