24 months (part-time)

NUMBER OF CREDITS

30 credits

OTHER OPPORTUNITIES

Optional Certificate in Business Analytics

ABOUT THE PROGRAM

Are you considering a career as a CPA or are you looking for advancement in your current position?

There is an increasing demand for accountants which can be attributed to four primary factors: sector growth, improvement in the national and regional economy, the retirement of CPAs and an increasingly complex tax and regulatory environment. The Bureau of Labor Statistics (BLS) predicts a 10% growth in the employment of accountants and auditors between 2016 and 2026. This is a greater rate of growth compared to many other occupations. According to U.S. News & World Report, accountants rank #7 in best business jobs, making the profession attractive to students. Accounting Today reports that there are 42,000 CPA firms in the nation, and over 664,000 licensed and active CPAs. Another positive factor is that the median pay in 2017 was \$69,350 per year (BLS, 2018). For accountants with a master's degree, the typical salary falls in the range of \$52,000 to \$135,000.

The Pennsylvania State Board of Accountancy requires that CPA candidates hold a bachelor's degree, at a minimum, and have no fewer than 150 semester hours of formal education with a minimum of 36 credits of coursework in accounting. Slippery Rock University's Master of Accountancy will prepare students to reach the 150-hour education requirement for the certified public accountant (CPA) certification. Students who have a master's degree will need less work experience in order to be licensed as CPAs – 1 year of work experience and a master's degree instead of the 2 year's work experience if candidates have a bachelor's degree and 150 credits.

Accounting undergraduate students will have the opportunity to participate in the 4+1 program and earn a BSBA and Master of Accountancy in 5 years. Students participating in this option may elect to take up to four graduate courses as undergraduates.

PROGRAM HIGHLIGHTS

Slippery Rock University's Master of Accountancy offers:

- A 30 credit professional degree that can be completed in 12 months (full-time) and 24 months (part-time)
- Flexible enrollment: full-time or part-time (fall, spring, summer)
- Two 100% online classes each semester (fall and spring) as well as two blended classes
- Classes offered 100% online in the summer and winter terms
- On-site courses are offered at the Regional Learning Alliance (RLA) in Cranberry Township, PA either one or two nights per week depending on part-time or full-time status with an online component (blended)
- Preparation for the C.P.A. exam, satisfying the 150-credit requirement of Pennsylvania and other states
- Preparation for the Certified Fraud Examiner (CFE) test; Certified Management Accountant (CMA) designation; Certified Internal Auditor (CIA) certification
- Optional 12-credit Certificate in Business Analytics
- A comprehensive curriculum for a competitive advantage in the job market
