PROGRAM HIGHLIGHTS

Impact the future and explore the possibilities of teaching by earning a Master of Education in Secondary Education. SRU's M.Ed. in Secondary Education has two concentrations: a basic concentration and an advanced concentration. The basic concentration is for students seeking certification. The advanced concentration is for certified teachers.

SRU's master's degree in Secondary Education offers:

- Flexibility to fit your busy schedule. The basic concentration offers both on-site and online classes, and the advanced concentration can be completed 100% online
- A 36-credit hour program that can be completed in one calendar year
- Leadership skills geared to advancing your career to the next level
- Specialization in English

BASIC CONCENTRATION

The basic teaching concentration in Secondary Education Teaching - English is a degree designed for individuals who possess a bachelor's degree and appropriate coursework in English. Successful completion of the program will lead to a master's degree and can lead to state certification. Students can complete the 36-semester hour program in one calendar year of full-time study, beginning with the summer pre-session and ending with student teaching in the fall or spring. However, students may begin any term.

Often students who apply for SRU's basic track Master of Education Degrees are those interested in changing careers. The Pennsylvania Department of Education (PDE) requires that those who teach English/Language Arts, Mathematics, Sciences, or Social Studies, are highly qualified in their content areas. At SRU there are multiple pathways to prove that you are highly qualified. Once accepted into the program, transcripts from your previous institution will be analyzed for courses in the subject area you will be learning to teach. If you are missing any of the courses needed in that content area, you will be notified of which courses you would need to take to meet the PDE requirements. Alternatively, you are able to show that you are highly qualified by earning a passing score on the PA Content Knowledge Certification Exam for your content area. This test-out option will also be discussed with you, upon acceptance into the program.

ADVANCED CONCENTRATION

The advanced teaching concentration in Secondary Education Teaching - English is a Master of Education degree for individuals who already possess teacher certification in English. In addition to core requirements, these certified students will concentrate on individual professional development by electing 12 semester hours of coursework from the areas of English, foundations of education, instructional technology, or counseling.
