PROGRAM DESCRIPTION

The Master of Education in Elementary Education Math and Science is a 30-credit hour online program designed to assist certified teachers in becoming leaders in the instruction of mathematics and science through special emphasis on the integration of the two content areas. Graduate candidates in this program do not take courses in math and science content, but rather, take courses to improve their ability to teach math and science by utilizing the tools of technology and state/national standards, and by examining exemplary curricula in math and science. The program functions as a cohort group that will enter in the summer or winter terms only and completes the coursework over four semesters. Courses are offered once a year and must be taken in sequence to finish the program in one year.

PROGRAM HIGHLIGHTS

The M.Ed. in Elementary Education Math and Science offers:

- Flexibility to fit your busy schedule with classes taught 100% online
- A 30-credit hour cohort program that can be completed in four semesters, starting in the summer and winter terms only
- Curriculum material that focuses on the Common Core State Standards
- Knowledge of new technology, changing markets, and licensing requirements
- The Standard Aligned System (SAS) requirements to fulfill Level II certification

ADMISSION REQUIREMENTS

All applicants must submit the following materials along with a completed online graduate application and non-refundable application fee:

- Official undergraduate degree transcript indicating an overall 3.0 GPA or higher and any graduate transcripts (if applicable)
- A resume specifying the candidate's professional education employment history and current status (student-teaching, tenured, non-tenured; full-time, part-time) with a school district
- A copy of current teaching certification(s) or a letter from the certifying university showing that requirements for a teaching certification have been met and that the certification application is currently being processed. This can be from any state

Applicants who do not meet all of the above criteria may be offered conditional admission upon recommendation of the graduate coordinator and approval by the Director of Graduate Admissions

TUITION AND FINANCIAL AID

Information on current tuition can be found on the main Graduate Admissions website at www.sru.edu/graduate. Financial Aid brochures are available through the Financial Aid Office www.sru.edu/FinAid or the Office of Graduate Admissions.

PROGRAM AWARDS

CURRICULUM (30 CREDITS)

Courses are offered once a year and it is in the best interest of the student to follow the course sequence shown below to begin either in the summer or winter term. This program will take two years to complete.

*Denotes a required pre-requisite course

SUMMER TERM START	WINTER TERM START
Summer I (9 credits): ELEC 664: Problem Solving in K-8 Education ELEC 667: Science & Engineering Concepts for K-8 Teachers ELEC 668: Mathematics Content for K-8 Teachers	Winter Term I (6 credits): ELEC 601: Introduction to Educational Research ELEC 638: Curriculum Materials for K-8 Science
Winter Term I (6 credits): ELEC 601: Introduction to Educational Research ELEC 638: Curriculum Materials for K-8 Science	Summer I (9 credits): ELEC 636: A Survey of the Mathematics Curriculum K-8 ELEC 660: Advanced Technologies for the Teaching of Mathematics & Science ELEC 699*: Teacher Action Research in the Math/Science Classroom (pre-req ELEC 601)
Summer II (9 credits): ELEC 636: A Survey of the Mathematics Curriculum K-8 ELEC 660: Advanced Technologies for the Teaching of Mathematics & Science ELEC 699*: Teacher Action Research in the Math/Science Classroom (pre-req ELEC 601)	Winter Term II (6 credits): ELEC 691: History of Mathematics Education ELEC 692: History of Science ELEC 705*: Seminar in Mathematics and Science Education Research (pre-req ELEC 699)
Winter Term II (6 credits): ELEC 691: History of Mathematics Education ELEC 692: History of Science ELEC 705*: Seminar in Mathematics and Science Education Research (pre-req ELEC 699)	Summer II (9 credits): ELEC 664: Problem Solving in K-8 Education ELEC 667: Science & Engineering Concepts for K-8 Teachers ELEC 668: Mathematics Content for K-8 Teachers
