WHAT CAN I DO WITH A PHILOSOPHY DEGREE?

Slippery Rock University philosophy majors have gone on to law school and graduate school, preparing them for jobs such as professors or lawyers. In fact, philosophy majors have the highest scores on the Law School Admissions Test, and they have the highest acceptance rate to law school of any other major. Want to get an MBA? Philosophy majors are the third highest scoring group on the Graduate Management Admissions Test. On the Graduate Record Examination, philosophy students have the highest score on the verbal and analytical writing section and have the highest score among humanities majors on the quantitative section (Source: Educational Testing Service, 2013). Philosophy majors earn more at midcareer than any other humanities major (Source: Payscale.com, 2014).

PHILOSOPHY AT SRU

As a philosophy major at Slippery Rock University, you will study questions such as: What can I know?, What is good?, What is the relation between individuals and society? and What is ethical conduct in medicine and business? You will learn to examine critically what passes as common knowledge, to formulate logical positions on important issues and to express intelligent ideas.
