ABOUT THE PROGRAM

The school nurse certification program at Slippery Rock University is designed for Registered Nurses who have earned a BS or BA degree (in any field) and are seeking certification as a school nurse. Graduates of the program are eligible to apply to the Pennsylvania Department of Education for Level I Certification. Some other states may accept the PA certificate as a basis to grant their own state certificate. The program includes a 100-hour practicum with a Certified School Nurse in the last Nursing course (NURS 623).

PROGRAM HIGHLIGHTS

The School Nurse Certification program offers:

- Flexibility to fit your busy schedule; courses are taught online
- A 21-credit program that can be completed in as few as four semesters by taking 6-credits per semester or at a slower rate by taking 3-credits per semester until the last nursing course is completed
- A practicum can be completed at a school district of your choice within Pennsylvania (guidelines apply). *If you are employed full-time for a school district, you must arrange your practicum in a different district, unless hired under an emergency permit.*
