

Welcome to *Accommodate*, the online software program that the Office of Disability Services (ODS) at Slippery Rock University (SRU) uses to service students registered with our office.

We want your experience with *Accommodate* to be an easy one. To do that, we have developed this guide to assist you with performing the essential tasks involved with supporting those students who have been approved for accommodations and utilize our services. We hope that you find it helpful.

ODS is pleased to offer assistance with the use of *Accommodate* to all faculty members at Slippery Rock University. We are available for:

- One-on-one meetings with faculty members (in person or virtually), upon request
- Presenting at department or college meetings (in person or virtually), upon request

In addition, please know that ODS is doing the following to provide ease to faculty with student accommodations:

- We recommend that all students email each of their faculty members a copy of their accommodation letter to alert faculty of his/her approved accommodations at the beginning of each semester or when accommodations are approved, although it is not required.
- When we send accommodation letters to students, we also send an email notification to all faculty members alerting them that the student has accommodations. This email hosts a link to log into Accommodate and view their letter.

### How to Approve a Test Room Booking

Students who are approved for testing accommodations can schedule any quiz or exam in ODS online by submitting a **Room Booking** in *Accommodate*. Prior to submitting this room booking in Accommodate, the student is instructed to communicate with their faculty member for several reasons:

- In case the approved testing accommodations can be supported in the classroom.
- To alert the faculty that the student will not be present for the exam.
- To gain approval to take the exam at an alternate time if their time extension interferes with other classes, if the exam is not available during ODS's office hours, etc.

Once the details are worked out, the student submits a test room booking through *Accommodate*. ODS is notified and approves the booking to take place with our office. Faculty are then sent an automated email from Accommodate with detailed steps to follow to officially approve the exam request. These steps are as follows:

1. Log in to *Accommodate*.
2. Click on the **Courses** tab in the left sidebar and then click the **Course Catalog** tab at the top of the page.
3. Click on the **course** title the student is requesting to take the exam for.
4. Then, click on the **Room Bookings** tab.
5. By clicking on the **student's name** requesting to take the test in ODS, you can view, edit, and approve the request.
6. Please indicate any specific features of this test and add any notes you would like. Also, please complete the **Items Allowed** section of the form to tell us what the student can take into the testing room when they arrive.
7. By using the **exam upload tool**, you can easily upload a copy of the test directly into the room booking. Exams will not be available to the student through this system; the exam will only be provided to the student at the start of their appropriate testing session. ODS is committed to confidentiality of tests.
8. Click **Approve** when your section of the room booking is complete.
