Tenure is defined in CBA Article 15 as “the right of a Faculty Member to hold their position and not to be removed therefrom except for just cause hereinafter set forth in Article 15 of CBA or except as provided elsewhere in the CBA.”

There shall be a probationary period of five (5) full academic years at the University (from the most recent date of appointment) for each Faculty Member. During the probationary period, the Faculty Member shall be observed and evaluated in accordance with the provisions of Article 12 and 15, and the most recent local policies and procedures for performance review and evaluation. Only full-time employment at the University in a non-temporary position shall be counted in computing the probationary period, except that time spent in a temporary or regular part-time, temporary full-time or regular full-time position at any University or any other institutionally accredited or internationally acclaimed four-year institution of higher education may, on the recommendation of the department and the approval of the President, be counted toward the required probationary period. Any semester a Probationary Faculty Member is on full leave from the University, with or without pay, will not be counted toward the required probationary period. No Faculty Member will be granted tenure unless they have met the minimum qualifications for the rank of assistant professor as set forth in applicable laws in Act 182.
