In this example, we will search for the Region code for Pittsburgh, PA

- Trip Country/Group will default.
- Country/Group/Region = in the US, the Region code will always begin with the state abbreviation, so PA* is entered. The asterisk (*) represents a wildcard.
- Name of Trip Country = in the US, this will be the city or county name.
 - This field is case sensitive!! pitts* will not produce any results...the first letter must be capitalized.
 - If the city you are traveling to is not listed, you must select the county in which the city is located.
- Once search parameters have been entered, click on Start Search.
